ABOUT

Highly motivated B.Tech Computer Science student with a strong foundation in programming languages and software development. Proven ability to adapt quickly to new technologies and work collaboratively in team environments. Eager to leverage academic knowledge and practical skills to contribute effectively to innovative projects.

EXPERIENCE

Web Development Intern   Sept 2023 - Oct 2023
Bharat Intern *(Remote)*   *Madhya Pradesh*

- Done projects given by the mentor.

Web Development Intern   Sept 2023 - Oct 2023
Internpe *(Remote)*   *Rajasthan*

- Completed tasks given by the mentor and improved my CSS skills.

EDUCATION

Bachelor of Technology - CSE, Galgotias University   2021-2025
ICSE - Senior Secondary (10+2), St Paul's School Gorakhpur   2020 - 2021

SKILLS

Technical Skills	C++, HTML-5, JS, CSS-3, SQL
Soft Skills	Communication, Team Leading, Adaptability

PROJECTS

Netflix Website Clone : Created a stunning replica of the renowned Netflix website using HTML and CSS exclusively, showcasing adept design and meticulous attention to detail. This project stands as a testament to my proficiency in front-end development, combining creativity with technical expertise to deliver a visually striking and functionally robust website clone.(Github Repository)

E-commerce Website : Crafted a mesmerizing e-commerce realm with HTML and CSS, seamlessly blending elegance and functionality. Innovatively integrated features for an immersive user experience, setting a new standard for online retail.(Github Repository)

Login page : Developed a robust login and signup system utilizing Java AWT for intuitive user interface design and MySQL database for efficient data storage and retrieval.(Github Repository)

Temperature Converter : Designed and developed a dynamic temperature converter project using HTML, CSS, and JavaScript aiming to provide users with a seamless conversion experience between Celsius and Fahrenheit scales..(Github Repository)

CERTIFICATIONS

- Cyber Security Virtual Internship (Palo Alto)
- AI-ML Virtual Internship (AWS Academy)
- Artificial Intelligence Fundamentals (IBM SkillsBuild)

LEADERSHIP

- Demonstrated effective team leadership as a Volunteer at the ICCSAI-2022 IEEE conference hosted by my university, coordinating tasks and delegating responsibilities among team members to ensure smooth event operations.
